Re: SCP Carlstadt Site

Dear Gerry:

Enclosed are two revised Data Validation guidance documents. These documents replace those previously provided (with my September 3, 1986 letter to you) and should be utilized by ETC for validation of data. Current EPA policy calls for the laboratory which produces the data to validate the data following these procedures, and then to submit a summary review of validation findings to EPA.

If you have any questions, please call me at (212) 264-0613.

Sincerely yours,

Janet Feldstein, Environmental Engineer
Site Compliance Branch
